**THE SUPERVISOR'S SCOOP**  
LATEST THIRD DISTRICT NEWS

 Share  Tweet  Forward

Supervisor Don Wagner is proud to represent nearly 600,000 constituents in the communities of Anaheim Hills, Irvine, Tustin, Orange, North Tustin, Villa Park, Yorba Linda, and the unincorporated canyon areas.

To Our Valued Third District Residents,

"Social distancing." I despise the phrase. People are not made for "distancing": not social, not emotional, not economic. The last few weeks, with "social distancing," has seen an unprecedented halting of our economic activity, education system, and most personal interactions. Life has been altered in some ways for every one of us. We are all challenged, but none of us needs to face this challenge alone. It is a cliché, but no less accurate, to say we are all in it together.

Let me take just a moment to explain what the county is doing to help ease the crisis, and ease the strains we all face, while hopefully adding a bit of perspective.

First, the County's Emergency Operations Center has been running at peak capacity since before the Governor ordered most people to stay home. Through the EOC, we coordinate all county and local city responses, triage needs, marshal assets like masks and personal protective equipment, and get those resources to the first responders

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

with our hospitals to ensure their continued successful functioning. I have myself served as board liaison at the EOC – and will again this weekend – and can assure you that the activity is relentless, focused on getting resources where needed, and staffed by professionals dedicated to public safety.

Second, the county has fully empowered our chief public health officer, Dr. Nichole Quick, to direct the county's medical response to the Covid-19 challenges, and supported her medical decisions. The board has met multiple times per week since the outbreak of the pandemic to hear from Dr. Quick, question her as to the underlying science and medical issues, and acted quickly on policy matters under its purview, leaving the medical decisions to her and her staff.

Third, we have worked diligently to help our most vulnerable citizens in the crisis. New facilities are coming online to help with "social distancing" and with the separation and medical care of the most at-risk homeless population.

Finally, I am trying to keep beaches and trails open, so that people can follow medical advice to get out into the fresh air, while not overburdening those areas. Thus, new parking regulations and stepped up enforcement are in place around some of your most cherished outdoor attractions, but they are not denied to us completely.

Those are only some of what steps the county has taken to deal most immediately with our Covid-19 challenges. I realize some people think more should have been done sooner, and others that too much has been done already. But please know this: my colleagues and I have only done what we believed was the best step at that time and in consultation with our senior medical staff.

Fortunately, there is optimistic coronavirus news.

A recent study from [Imperial College London](#), initially claimed the virus could cause 510,000 deaths in Britain. But, as the data rolls in, the same source has substantially revised the numbers downward by 95%!

Social distancing works. We should continue to practice it in the short term. That means being mindful in interactions with others.

However, we accept a certain amount of risk every day. We drive on the freeway, cross busy intersections, live in an earthquake zone, and conduct business as usual during a robust flu season (which can kill hundreds of thousands).

community; neighbors are checking in with neighbors; random acts of thoughtfulness, and civilities are more plentiful; offers of help pour into the Emergency Operations Center. -

I am proud to represent such an active community.

With that, I wish each of you good health and prosperity.

Kind Regards,

FOR IMMEDIATE RELEASE

**PRESS RELEASE # 024**

Date: 3-24-2020 Time: 17:51 hours

**CLOSURE OF OC PARKS AREAS TO SLOW SPREAD OF COVID-19**

To minimize the impacts of novel coronavirus (COVID-19) on park patrons, OC Parks is implementing closures expected to reinforce social distancing and reduce large public gatherings. These measures are in line with recommendations from federal, state and local health agencies.

Closures effective Wednesday, March 25, 2020 include:

- Parking lots at all County beaches, regional parks and wilderness parks
- Parking spaces at all County trailheads
- Pedestrian access points at Thousand Steps, Table Rock, West, Camel Point, and Treasure Island beaches
- Restrooms, playgrounds, exercise equipment, and shelters at all County parks and beaches

Passive walk-through pedestrian, cycling and equestrian activity is permitted.

For a list of County beaches and parks and more information, visit [ocparks.com](http://ocparks.com).

## Mayors' Meeting: Coordinating Efforts

On March 24, Supervisor Wagner held a teleconference call with all the Mayors in his District for a Q&A discussion on OC's current crisis. He shared the most recent developments out of the County and sought their input.

### TOPICS INCLUDED:

- Relaying the message to youth that 50% of cases are people age 18-49
- Creating robust neighborhood watches to monitor social distancing
- Recruiting retired nurses and physicians who can help triage cases
- No Covid-19 cases found in the homeless population to date

## Team Wagner Steps up to Serve Community Action Partnership of Orange County (CAP OC)

The Covid-19 pandemic has brought uncertainty to families and businesses alike. During these trying times, volunteers are needed now more than ever.

As residents are losing their income left and right, Orange County is facing a rise in food insecurity. Because of recent government guidelines to stay safe at home, many individuals and corporate groups have canceled their shifts. Because many volunteers were over 65 years of age and considered venerable to the virus, there is a shortage of help.

On March 26, Team Wagner stepped up to volunteer, assembling over 1000 food boxes to help give people access to vital nutrition.

Until further notice, all-volunteer opportunities are limited to the OC Food Bank. Additional shifts at other sites will resume later this spring.

Please note that gloves and hand sanitizer are available. If you would like to

MEET URGENT NEED

YORBA LINDA -- The Richard Nixon Presidential Library will be the site of four blood drives in the next three weeks to meet the urgent demand for blood donations amid the Coronavirus outbreak across the United States.

The [blood drives](#) are being coordinated by the Red Cross and LifeStream Blood Bank, in partnership with the Richard Nixon Foundation.

As an essential health care service, blood donations are exempt from the statewide stay-at-home order. Donors are encouraged to give blood at this extreme time of need.

The blood drives are as follows, all at the Nixon Library in Yorba Linda, CA:

**March 30, 8am-2pm**

LifeStream Blood Bank - sign up [here](#)

**March 31, 8am-2pm**

**April 2, 10am-5pm**

American Red Cross - sign up [here](#), Sponsor Code: NixonLibrary

**April 16, 10am-5pm**

American Red Cross - sign up [here](#), Sponsor Code: NixonLibrary

The Nixon Library is the first presidential library in the country to organize new blood drives since the Surgeon General's immediate call for American's to give blood during his remarks at the Coronavirus Task Force briefing on March 19.

From Surgeon General Jerome Adams on [The Hugh Hewitt Show](#), March 24, 2020:

*"I've just got to give you a shout out, Hugh, because you mentioned what you were doing to promote blood donations. And I wanted to say to you, you literally have saved lives by doing that. One blood donation can save up to three people, and it's something positive we can do mentally while we're at home and feeling isolated."*

*"We are thrilled to support the nationwide efforts to combat the Coronavirus right here in Orange County," Nixon Foundation President and CEO Hugh Hewitt said. "Strong local responses –Americans helping Americans– will save countless lives during our present challenge, and donating blood is the surest of ways to do your part. It certainly speaks volumes that a foreign country so values its relationship with the United States that it is willing to provide opportunities for Americans to support other Americans in need."*

Orange's 2018 Citizen of the Year, Dean Kim, and owner of OC Baking Co. is feeding hungry high school kids.

In the past week, Mr. Kim has delivered hundreds of FREE loaves to Orange High School for yummy sandwiches (sadly, for many students, this is the only meal they get since school is canceled). Orange Rotary is collecting peanut butter and jelly to donate to OHS to spread on fresh bread.

OC Baking Co. is open weekdays from 8 a.m. to 3 p.m.  
Large, fluffy loaves are only \$5.00 and there is no limit to purchasing.

Orange is a community that pulls together in a crisis.  
Bon appetite!

**Paying Forward Kindness  
From Team Wagner staffer Pat Buttress:**

**\*Posted on Facebook last Tuesday 3/17:**

**"Yesterday, Ralph's implemented a new practice of allowing only two loaves of bread per person. I had two small sourdough rolls, wheat (which I had sliced) and rye bread.**

**The clerk made me choose my top two to take home. A man at the next check out stand overheard our discussion and said he wanted the two I couldn't take, paid for them, had them bagged, then placed in my bag.**

**His simple kindness brought tears to my eyes. When I received my \$6 in change, I asked the clerk to apply it to the bill of the gentleman behind me. The clerk declined to accept my offer.**

**After sharing why I felt compelled to pay forward the kindness I just received, the clerk understood and gave me the opportunity to be of service to another.**

**Wishing each of you additional warmth and courage during these challenging times."**
